21 Cornhill Boston

Mch. 30/59,

Dear Burleigh,

Do not make it later than Tuesday P.M. next in coming to Boston. You know that Thursday is Fast day, and some of us must be off on Wednesday p.m. to attend meetings on that day. I propose to have the reading begin on Tuesday eveg. — (probably at Garrison's house) and then take a part of Wed. a.m., if necessary. —

Then again — We want you to attend the Leominster (County) meeting on Fast Day. Garrison's illness & confinement to the house render it out of the question that he can attend any meeting on that day,

Remond is laid up, with ulcerated jaws, &c. being in Dentist's hands. So Charles, if not absolutely and unalterably pre-engaged, you must help us, on Fast day, as above.

Let me have, please, an immediate reply.

We consider that you accept the Vote ~~of the Ex. Committee~~ as to the Annual Reports, and are very glad to have you do so.

In haste,

Truly Yrs

Sam'l May Jr.
